

Evaluation of the Grundvig project `Further training for Volunteers in Europe´

In the scope of the EU-Sokrates programme (Grundvig 2) the Diözesan Caritasverband für das Erzbistum Köln (diocesan association for the archbishopric) is coordinating partnerships in the field of honorary work. The aim of the partnership is to foster exchange of European training organisations. A central aspect is the strengthening of social engagement and honorary work.

The purpose of the evaluation in its formative sense is to supply the partnership with useful information for decisions and concepts.
